REFERENCIA

The image shows two identical sets of devices arranged side-by-side. Each set consists of a large, silver, all-in-one computer monitor with a black bezel, and a black smartphone standing vertically in front of it. The left set is positioned on a background that transitions from yellow on the left to orange on the right. The right set is positioned on a background that transitions from orange on the left to red on the right. The overall composition is clean and minimalist, emphasizing the devices against the vibrant, gradient background.
